The Kansas City Journal.

The Kansas City Daily Journal is fully abreast of the times, furnishing its readers with the latest news from all parts of the world and the very best selected matter for the family. "Give your patrons the worth of their money" is the motto of this staunch paper, and we know of no concern that lives up to its promise more thoroughly. Beside getting the regular news dispatches, the Journal has a large number of special reporters and correspondents who are everywhere present when there is anything of interest to be had. The Journal has no superior as a market paper, giving each day the very latest quotations of money, provisions, etc., of Kansas City, St. Louis, Chicago, New York, Liverpool and other home and foreign markets. In fine and family reading matter the Journal is unexcelled by any, and the paper throughout is a monument to the sagacity and ability of its managers. The people of the great west are justly proud of the Journal, for it is a western paper in every sense of the term, and in every part shows that vigor which characterizes western enterprises.
